

## **ABOUT SINGEN™**

SINGEN Group was founded in Taiwan in 1970 and became the first animal pharmaceutical factory located in CTSP (Central Taichung Science Park). The factory and facilities are in accordance with cGMP and PIC/S. The factory is able to produce professional pet nutrition supplements, food and medicine with cGMP standard and automatic production line.

SINGEN™ is a leading professional pet nutrition supplement and pharmaceutical manufacturer in Taiwan.

For the past 40 years and more, SINGEN™ has produced products with strict quality control of raw materials. Only qualified materials can be used with standardized cGMP process. In accordance with regular in-process sampling for quality monitoring, finished products undergo rigorous final quality control in order to provide pets with high quality, safe and efficient products.
